THIRD REVISED SHEET 8.3.1
CANCELLING SECOND REVISED SHEET NO. 8.3.1

NAME OF UTILITY CHOCTAWHATCHEE ELECTRIC COOPERATIVE, INC.

RESIDENTIAL PREPAID METERING

AVAILABILITY – This rate is available throughout the area served by the Cooperative where appropriate metering is installed

APPLICABILITY - This rate is applicable to all member-consumers of the Cooperative for residential uses. Service under this schedule is provided upon member request at the sole option of the Cooperative and is based upon the availability of metering equipment.

CHARACTER OF SERVICE - Single-phase or three-phase, 60 cycles and approximately 120 volts or higher, at Cooperative’s option.

LIMITATIONS - Service rendered under this Schedule is subject to all the rules and regulations of this tariff and general rules and regulations of the Cooperative. Standby or resale service not permitted.

Service under this Schedule is not available: (1) to Customer who has designated a third party to receive notification of any pending termination notices; or (2) for other uses not specifically provided for by the provisions herein;

The Cooperative will furnish, maintain, and own all the prepaid power equipment including the meter which the Cooperative shall install.

RATE SCHEDULE RS-PP

Members who receive service under this schedule may elect to remain on this rate for a period of no longer than one (1) year from August 1, 2020. Service under this schedule is not available to prepaid accounts generated after August 1, 2020.

(Continued from Sheet No. 8.3.2)

TERMS OF PAYMENT – Payment for service shall be made in advance. At such time as the value of the service consumed equals the value of advanced purchases, electric service is subject to immediate disconnection from the Cooperative by the prepaid metering system until additional purchases by Customer are made. Should the electric service be disconnected by the prepaid metering system caused by Customer’s electrical usage having consumed the entire value of the advanced payment, the Customer Charge will continue to be accumulated on Customer’s account and will be deducted from the Customer’s next advanced payment purchase for electric service.

Disconnection for reasons of non-payment does not release Customer from their obligation to pay the customer charge.

In the event Customer has an indebtedness with the Cooperative for service previously provided, The Cooperative may allow, at its sole option, for Customer to pay the indebtedness or portions of the indebtedness by deducting a portion or all of the indebtedness as a percentage of each prepaid service purchase made thereafter until the indebtedness is satisfied.

In the event Customer has an electric service deposit with the Cooperative at the time Customer elects to take service under this Schedule, a refund will be issued for the deposit plus applicable interest less the prepaid rate option deposit (See “Residential Prepaid Deposit” on Sheet No. 23.0.1) and all outstanding indebtedness. Any amount of the deposit and interest in excess of the outstanding indebtedness will be applied as a credit on Customer’s account.

Customer shall receive a receipt of payment and other billing information at each prepaid service purchase. A summary of bill payment and consumption information will be provided to Customer a minimum of once per month.

SERVICE PERIOD – The initial Service Period for service under this Schedule shall be for ninety (90) days. After the initial Service Period, Customer may cease participation under this Schedule and select an alternative rate option by giving the Cooperative thirty days (30) notice. If Customer elects to be served under another of the Cooperative’s available rate schedules, Customer may be required to furnish an additional deposit. Customer will subsequently be provided service under the same terms, as applicable, as prior to choosing service under this Schedule.

Under the Prepaid Metering Schedule, if the outstanding account remains disconnected for thirty (30) days, the Cooperative will consider the account closed.
